What is a Cochlear Implant?

A Cochlear-Implant is an implanted electronic hearing device (a hearing prosthesis) for e.g. people with severe hearing loss or deafness that cannot be compensated by hearing aids

What questions could arise?

- Where can I get batteries to keep my cochlear implant working?
- How or where can I get technical accessories, since I could not take mine with me/ lost it while fleeing

Please do not hesitate to contact us in case of any questions. We will be happy to assist.
